La Guardia Is UNRRA Director

Tells Delegates
He Will Seek Food
Wherever He Finds
It, Even Argentine

By Alex Singleton
ATLANTIC CITY, N. J., March 29 — (P) — Fiorello LaGuardia, new director general of UNRRA, told delegates from 48 nations today that he would seek food for world relief wherever he could find it—including the Argentine.

"Ticker tape ain't spaghetti," cried out the squat, fast-talking former mayor of New York in his inaugural address after bluntly declaring that the people of the world "want bread, not advice."

With almost a touch of scorn, he waved a batch of resolutions which have been passed during the two weeks council meeting here, and asserted belligerently: "I want plows, not typewriters. I want fast moving ships — not slow reading resolutions."

At the outset of his extemporaneous speech in the formal, flag bedecked setting of the council, La Guardia confessed amid chuckles that he was "no diplomat."

"When I have something to say," he said, "I'll say it. From this point on, the protocol is off."

Chance for Argentine
"Wheat," he cried, "has no political complexion, and I'll buy wheat wherever I can find it."

Then he said that he would start right now by extending his greeting to Col. Peron, president of Argentina.

"Here is an opportunity," he said, "for Argentina to show its desire to cooperate with the rest of the world."

(A dispatch from Buenos Aires today said Argentina had declined an invitation to membership in UNRRA on the ground that she already is committed to send all her exportable food surplus to various countries by sale or donation.)

May Go to Canada
"Before long," La Guardia continued, "I'll be knocking at the door of my old friend, Mackenzie King, of Canada. 'Perhaps we can escape up a few bushels there.'"

He told the delegates that relief was "not an international chess game where every move seeks an advantage, nor a game where one ponders every move."

"Our job is to get food where we can find it and to take it to people who need it wherever they are," he said.

La Guardia told newsmen later he would devote 60 hours a week to his new post. "That's just part time for me," he added. "I have been working 112 hours a week."

The council recessed to an indefinite date. It will be reconvened in Washington, probably in about a month, after LaGuardia has had a chance to talk with the combined food boards and governments contributing supplies to the organization's relief program.

Successor to Herbert Lehman as director general of UNRRA, the former mayor of New York was confronted with an assignment complicated by the fact that the relief work is dependent upon voluntary procurement of supplies rather than mandatory rationing.

Charles W. Green Visits Fair Grounds
Charles W. Green, former secretary of the Missouri State Fair and his brother Joe Green of Moberly, Mo., passed through Sedalia today enroute to Oklahoma City on a business trip. They stopped over at the fair grounds this morning for a short visit with Roy Kemper, secretary of the fair.

Mr. Green in discussing the 1946 exposition said, "Indications are Missouri should have one of the best and largest fairs in its history this year."

Car Reported Missing, Later is Found
Harvey Embree, Green Ridge, lost his 1940 Ford coach about 11:55 o'clock Thursday night, and it was recovered about two hours later on West Broadway in the 2100 block. The car had been used by joy-riders, it was believed.

Embree reported to the police the car was taken from near Second street and Ohio avenue. Officers Jordon and Embree, in the west end patrol car, found it parked near the boulevard on Broadway.

Cholera Rages Through China

By the Associated Press
Cholera, bubonic plague and famine spread through vast areas of China today, taking a heavy toll of lives.

United Nations relief and rehabilitation administration officials at Shanghai said Cholera raging through South China, where more than 1,000,000 persons are threatened, was exacting a 50 per cent mortality of those affected. The number of deaths was not given.

In North and Southeast China, UNRRA reported, Bubonic Plague was reaching dangerous proportions. Dr. Frank H. Herring, chief regional UNRRA medical officer in Kwantung province, flew to Canton with enough cholera vaccine to immunize 200,000 persons. More vaccine will be sent until 1,000,000 persons have been immunized.

U. S. navy ships have been pressed into service to deliver cholera vaccine for immunization of 250,000 persons in Hankow.

Ribbentrop Negotiated Secret Treaty

Had Told Hitler English People Would Not Give up

By Richard Kasischke
NUERNBERG, March 29 — (P) — Joachim Von Ribbentrop, Hitler's foreign minister, testified today that he negotiated a secret treaty with Josef Stalin and V. M. Molotov, defining German and Russian spheres of influence in Finland, the Baltic and Bessarabia.

This, Ribbentrop told the International Military Tribunal, was done in August 1939 at the time of the Russo-German non-aggression pact which was concluded two weeks before Germany marched into Poland.

Ribbentrop is one of 22 leading Germans on trial for their lives as war criminals.

The alleged secret treaty has been mentioned several times previously in defense moves by Ribbentrop and Rudolf Hess, but the Soviet prosecution had objected to admitting any documentary testimony. Today, the Russian prosecutor sat silent as Ribbentrop related his story of pre-war negotiations with the men of the Kremlin.

The treaty, he swore, "dealt with territories which both countries, German and Russia, had lost as the result of war."

Refers To Speech
He said a speech Stalin delivered in March 1939 "contained a hint that Stalin wished better relations with Germany."

This was the first time Ribbentrop had thought of negotiations with Russia, continuous butt of Hitler's attacks, the witness said.

Ribbentrop said he persuaded Hitler to investigate. He said they began with commercial negotiations and that in mid-August, 1939, Hitler wired Stalin direct and that the Russian leader replied with an invitation to send an envoy to Moscow for negotiations.

"I went to Moscow on August 22, 1939," Ribbentrop said, "we began with a two hour talk with Stalin and Molotov on the whole complex of Russo-German relations. The results were these: one, mutual will for placing relations on a new basis which was expressed in the non-aggression pact; and two, agreement to define spheres which came about in a secret agreement."

Had Warned Hitler
"We talked about which each should do in case the German-Polish crisis resulted in war and decided on a line of demarcation along the Bug and Vistula rivers. Territories west of these should be German, spheres and those to the east should be Russian. After the outbreak of war, each took over these occupation zones."

Ribbentrop testified earlier he warned Hitler before the war that the British would "fight to the last man for the empire."

He denied vehemently that he ever described Britain as "degenerate."

"It has been alleged that I told Hitler from London that England was degenerate and would not fight," the former German foreign minister said. "I want to state here that I told him just the opposite. I told him the English people were heroic and would fight to the last man for the empire."

J. T. Martin Speaks At Horace Mann

John T. Martin, who served as a Lieut. Commander in the navy during the war, will be the principal speaker at a meeting of Republicans at Horace Mann school at 7:30 o'clock tonight.

The meeting will be opened and presided over by Guy Peabody, committeeman of that precinct. A musical program will precede Mr. Martin's talk.

The committeemen and women will then serve refreshments.

No Prospect Of Agreement Not to Strike

Serve Notice That Miners Will not Work After Sunday

WASHINGTON, March 29 — (P) — The National Coal Association said today there was no prospect of an agreement in time to "avert a strike" of John L. Lewis' 400,000 soft coal miners at midnight Sunday.

Lewis, president of the United Mine Workers, has served notice that the miners will not work after Sunday without a contract.

The Coal Association's executive secretary, John D. Battle, accused Lewis in the statement of making "no effort to reach an (contract) agreement, but every effort to prevent an agreement any time soon."

Battle said Lewis was only going through the motions of collective bargaining and had rebuffed an offer of the mine operators which follows "the wage pattern already set in the steel, oil and automotive industries."

The association's comments on the negotiations, which have been under way since March 12, "came at a time when the government was stepping up its efforts to avert a strike."

Playing for Stakes
"It is now clear that Lewis is playing for higher stakes," Battle declared.

"He refuses to discuss wages and hours until his demands have been met for a royalty—a levy upon every ton of coal mined—whereby there may be a continuing flow of millions of dollars into his hands over and above the millions now checked off from the miners' wages for union dues."

"The royalty or excise tax on coal which Lewis is seeking is patterned after the scheme which Petrillo, the boss of the musicians' union, put over whereby Petrillo collects tribute on every phonograph record."

"Lewis, like Petrillo, calls it a contribution to a health and welfare fund. But there are no strings on the money."

Baffling Notice
Meanwhile, a notice sent by John McAlpine, president of an affiliated mine supervisors' union, to members instructing them to continue work "until further notice" baffled mine operators.

Recognition of the United clerical, technical and supervisory employees union was one of Lewis' original demands. The union claims 60,000 members and some weeks ago McAlpine indicated its members would be called out if the mines were shut down.

Byron H. Canon, executive secretary of the Western Pennsylvania Coal Operators' association, said:

"McAlpine's notice is something new and frankly is puzzling."

Part of the War Wastage

WASHINGTON, March 29 — (P) — Rep. Cannon (D-Mo) chairman of the house appropriations committee, says that senate approval of house action providing for \$253,000,000 for using surplus housing would permit the moving of some 202,000 family units from camps and war centers, much of it to colleges and universities where veterans are attending school.

"At Missouri University they expect 8,000 more students by September," Cannon said "they already have many trailers there but they want as much of this additional surplus housing as they can get."

He said it would cost approximately \$4,500 to move a house and rebuild it.

"You used to be able to build a very fine house with new materials for \$4,500," he pointed out. "But the public is clamoring for housing, veterans need roofs over their heads and it is the only thing that congress could do although it is a tremendous economic sacrifice. It is part of the wastage of war."

Small Earthquake In California

MARTINEZ, Cal., March 29 — (P) — A small earthquake awakened many persons from Berkeley to Martinez today, but caused no damage within its narrow limits.

The University of California seismograph recorded the 10-second tremor at 2:40:17 a. m. The chart indicated it centered 15 miles north of Berkeley. The Contra Costa county sheriff's office said calls came in from several communities.

Groups Bring Pressure, Says CIO Official

Charges Gangsters, Hoodlums Threaten Certain Delegates

ATLANTIC CITY, N. J., March 29 — (P) — Retiring President R. J. Thomas of the CIO United Auto Workers charged today that "gangsters and hoodlums" were trying to "pressure" certain delegates to the union's convention.

Declaring "There are men here whose lives are jeopardized," Thomas said he referred to incidents involving a Negro delegate from Memphis, Tenn., and local 669 of the Wright Aeronautical Corp., Paterson, N. J.

"Local 669 has had pressure brought upon it by gangsters and hoodlums from New York ever since the convention opened," Thomas said in a speech to delegates.

"I say to you some men here are afraid of their lives."

Fight Broke Out
A fight broke out on the convention floor while local 669 was the cause of the trouble.

The retiring UAW-CIO president, who lost his job in a close race with Walter P. Reuther, made no attempt in his speech today to identify the men he referred to as "gangsters and hoodlums."

Thomas, however, said he was appointing a committee to investigate and report after the convention to the union's international executive board. The convention gave him its approval to name the group for that purpose.

Thomas did not explain the incident relating the Memphis, Tenn., negro.

"If anybody is hurt in Local 669," Thomas then continued, "or if I am hurt in making this announcement—I want this committee to have that man's name and I want that man brought to justice."

The Auto Workers refused to increase the salaries of their officers, tabling a proposal for pay boosts ranging from 11 to 30 per cent.

Council of Star-Studded Men Will Serve Under President

WASHINGTON, March 29 — (P) — President's Truman's idea for a council of star-studded elder statesmen on national defense caught Capitol Hill by surprise today.

Key members of Senate and House military and naval committees, usually familiar with administration thinking along such lines, said today they had no previous word of the President's intention.

Mr. Truman announced at his news conference yesterday that, acting under a recently approved bill providing permanent five-star rank for four generals and four admirals and four-star rank for the Marine and Coast Guard com-

Marine Closes Japanese Bank Takes Holiday

Fast-Talked Bank President Out of \$30,192

TOKYO, March 29 — (P) — The provost marshal's office today related the amazing story of a Marine private who fast-talked a Japanese bank president out of \$30,192, closed the bank and went holidaying with a Nipponese girl.

Capt. Otis J. Carter, chief of the criminal investigation division (CID) said Pfc. Earl L. Brown, Clarksburg, W. V., readily admitted the hoax after he was trapped by 20 military police at a resort hotel.

Carter said Brown forged a purported authorization to inspect the bank's books, seized all of the bank's assets, closed it, and disappeared.

A tip from a woman hotel manager that Brown had given her 10,000 yen to place 285,000 yen in her safe led to the arrest of the private and the Japanese girl with him. All of the bank's money was recovered except 20,000 yen — the 10,000 given the woman manager, who disappeared, and another 10,000 Brown gave a surprised Negro truck driver to whisk him away.

Brown's Story
Carter related this story of Brown's strange hoax:

The private, wearing a second lieutenant's gold bar, entered the bank, in rural Totsuka, by a rear door an hour before opening time on March 12. President Masatomi Kishimoto accepted the forged credentials and gave Brown two bottles of beer to drink while he scanned records and equipment.

The next day Brown returned and ordered all the bank's money turned over to him "for inspection by the Eighth army in Tokyo."

Kishimoto insisted upon accompanying Brown and had four aides carry the 587,800 yen in sacks.

Changed Plans
In Yokohama, Brown suddenly changed his plans and all six left their train. The marine hailed an army truck. Out of hearing of the Japanese, he made a deal with the Negro driver to take him to his barracks at Yokosuka naval barracks, few miles away.

Then he seized the money bags from the Japanese and fled in the truck as they stared in bewilderment.

The Japanese informed army officials who, later arrested Brown. Officers did not say where he was held.

Was a Good Boy
CLARKSBURG, W. Va., March 29 — (P) — Marine Pfc. Earl L. (Lucky) Brown, charged by military authorities in Yokohama with the illegal confiscation of half a million yen from a Japanese bank, was described by his parents today as "a good boy who never got into any trouble here."

His father, Earl L. Brown, Sr., said the Marine had written his parents recently, saying he expected to be discharged in August and wanted to come home to his job of driving an ice truck.

They said the youth was only 16 when he left Washington Irving high school to enter the Marine Corps in 1943. He will be 19 this month.

His mother said that "when 'Lucky' wanted to join the service he was too good a boy to be refused."

"Lucky never got into any trouble here," she continued, "and it just doesn't seem possible that all this could happen. He was a Boy Scout and a good boy then."

Money for Freight Cars
ST. LOUIS, March 29 — (P) — Federal Judge George H. Moore today authorized Guy A. Thompson, trustee for the Missouri Pacific railroad, to spend \$510,600 for 288 freight cars equipped to handle automobile parts.

Thompson, in petitioning the court for approval, estimated that the railroad's annual income from the cars would be \$3,600,000.

Expect March to Go Out Like a Cowardly Lion

CHICAGO, March 29 — (P) — Throughout the midwest the month of March probably will go out like a lion, a cowardly lion, that is.

Forecaster H. A. Downs said he anticipated no blizzards but a storm moving eastward from Nebraska and another developing in the Pacific northwest would produce chilly, cloudy, rainy and windy weather for the week-end, in contrast to the recent lamb-like abnormally mild conditions.

Downs said the sharp change should not endanger vegetation.

Hearing on GI Complaints Will Continue

Better Army Officers Needed, Officer States

By Arthur L. Edson
WASHINGTON, March 29 — (P) — A former soldier clerk who spent two and one-half years overseas suggested today that a scientist should be the next chief of staff.

"Why not?" asked William C. Gausmann, a Washington representative of the Socialist party, who appeared before a committee studying the army's so-called officer caste system.

"Science will win the next war," he said, adding that he felt Dr. J. R. Oppenheimer, atomic scientist, would be an excellent choice for the army's top post.

By Arthur L. Edson
WASHINGTON, March 29 — (P) — Better army officers, says a man who is an officer himself, would stop most GI discontent.

Lt. Col. William R. Kintner, a West Point graduate of 1940, says that much of the GI griping is due to "too many commissions and not enough genuine officers."

Kintner appeared yesterday before the board, headed by Lt. Gen. Jimmy Doolittle, which is studying officer-enlisted man relationships. The public was not allowed to attend the meeting, but Kintner later explained his views to reporters.

"The army isn't perfect, of course," he said. "But I don't think it's a wise move to make any radical changes."

"After all, we did pretty well with this system, in spite of its faults, in this war. If officers are properly chosen and trained, we no longer will hear many of these complaints."

Kintner, formerly of Johnstown, Pa., saw action in the European theater. He now is stationed in Washington.

Upholds GIs
Upholding the enlisted man's side of the argument was Bill Mauldin, GI cartoonist.

Mauldin's two main points: 1. Army newspapers must be kept free of censorship by the brass. The papers give an enlisted man a chance to let off steam. They also offer him a place to air genuine grievances.

2. The enlisted man should get everything an officer does. Mauldin said the GI should have the same quality clothes, the same food and the same liquor rights.

Doolittle told reporters last night the hearing will continue for at least another week.

The group does not announce who the witnesses will be, which leads to some surprising results.

Reporters grab every likely-looking prospect and start peppering him with questions. One fellow seemed particularly reluctant to talk. Seems he'd just dropped in to fix the typewriters.

Democratic Ward Meetings

Three Democratic ward meetings are to be held tonight by the City committee. They will be in the first, second and third wards, opening in the second at Jefferson school at 7:30 o'clock; third ward at Washington school at 8 o'clock; and Miller Cafe, 317 West Pettis at 9 o'clock, in first ward.

William F. Brown speaks at Jefferson; Fred F. Wesner will speak at the other two meetings.

There will not be any meetings Saturday night, the campaign to be rounded out with a city-wide rally at the circuit court room of the court house on Monday night.

All candidates will be present at the meetings tonight and will be introduced.

Security Council Asked to Look Into Russian Promises

News Briefs

WASHINGTON, March 29 — (P) — As the OPA announced ceiling price increases for most pork and for about a third of all beef cuts today, the American Meat Institute declared that a survey indicated a housewife had less than one chance in five of buying meat at OPA legal prices.

PORTLAND, Ore., March 29 — (P) — The Russian consul-general said today he would post bail for the 29-year-old Russian naval officer held here on a charge of espionage.

Consul General Michael Vavilov, who flew here from San Francisco to consult on the spectacular case, announced he would obtain a local attorney and post bail this afternoon.

Lt. Nicolai Gregorovich Redin, accused of seeking information for the benefit of a foreign power, is held on \$25,000 bond.

NUERNBERG, March 29 — (P) — U. S. prosecutor Robert Jackson announced today the appointment of Col. Telford Taylor as head of the United States prosecution staff in any future trials of German war criminals by the international military tribunal.

The announcement emphasized, however, that the United States is not committed at present to any future trials before the tribunal.

MOSCOW, March 29 — (P) — Lt. Gen. Walter Bedell Smith, new U. S. ambassador to the Soviet Union, revealed himself today to be no formalist in his insistence upon personal protocol.

Asked by correspondents whether he preferred to be addressed as "General," "Mr. Ambassador," or what, he replied: "I sign my name 'W. B. Smith.' Call me anything you want. I don't care if you just call me 'Smith.'"

17,118 Voters Registered In Sedalia

There are 17,118 person registered and eligible to vote in Sedalia, according to the report of Norman Mueller, clerk of the board of registrars, who today received the books from the registrars in each of the four wards of the city.

Sedalia has a permanent registration system, but before each election those who are not already on the books are given an opportunity to register, also those who have moved from one precinct to another have the opportunity of changing their name to their proper precinct.

A total of 349 new names were added to the books in the recent registration March 20, 21 and 22. The figures, according to wards, are:

First ward, 3,565, a gain of 67 voters.

Second ward, 2,041, a gain of 129 voters.

Third ward, 5,525, a gain of 144 voters.

Fourth ward, 5,987, a gain of 126 voters.

Voters register only as persons eligible to vote, not according to their political party.

Shrine Head Was Born Here

WICHITA, Kas., March 29 — (P) — Harper Joy, ceremonial director of El Katir Temple, Spokane, Wash., was elected president of the Shrine directors association of North America in closing convention session today.

The 51-year-old Spokane investment banker, born in Sedalia, Mo., was elevated from vice presidency of the association. He succeeds Sig J. Chakow of Medinah Temple, Chicago.

Also elected were David M. Allan of Albany, N. Y., first vice president and Louis Chackes, East St. Louis, Ill., re-elected secretary-treasurer and the following board of governors:

James Eckman, Sioux City, Ia.; Harry Ebright, Miami, Fla.; John T. Rousch, Terre Haute, Ind.; Joe W. Brigrance, Los Angeles; Milton A. Pixley, Columbus, Ohio; Howard Peverly, Rawlins, Wyo.; and John S. Schneider, Utica, N. Y.

Conference Held
"One of the reasons why the Iranian prime minister instructed me to bring this case was to be free from pressure by any foreign government," he declared. "I am sorry that my Russian colleague is not here. I would be happier if he were here to correct any misunderstanding on my part."

Secretary Byrnes and Sir Alexander Cadogan, British delegate, held a conference at their hotel this morning.

Sole Developments
While no official announcement was made of the latest developments, indications were that the United States and Britain were working for unanimous agreement of the 10 members actually sitting in at the council table to support the information request

Merry-Go-Round

by Drew Pearson

WASHINGTON, March 29.—Not long before he died, Franklin Roosevelt was talking to his friend Morris Ernst, author of "The First Freedom," about the problem of penetrating the iron curtain around Russia.

Ernst had told Roosevelt how an OWI illustrated magazine "America," finally had been permitted to enter Russia in limited quantities. Although given away by the U. S. government, the magazines were in such demand that the Russians later resold them for large sums of money.

One article in the magazine described the life of George Washington Carver, famous Negro scientist, and the high recognition he was given in the United States. Ernst told FDR that this article was the first evidence the Russians had to disprove the Communist propaganda that all Negroes were beaten or lynched in the United States. Ernst also urged the importance of getting more books and radio broadcasts inside Russia in order to ensure the permanent American-Soviet friendship.

Roosevelt agreed and added: "When the right time comes, there is just one book which will win over the Russian people." "What is that?" asked Ernst. "The Sears Roebuck catalogue."

Stalin's Opening
Most important point now being watched by diplomats is whether Jimmy Byrnes, who has done a good job regarding Russia, will now take advantage of Stalin's latest opening. Stalin's statement reaffirming his faith in the United Nations and the friendship of peoples is considered the best break U. S.-USSR relations have had in months — if Secretary Byrnes vigorously follows it up.

For, hitherto, we have never been able to penetrate the iron curtain to tell the Russian people what we really are, rather than what the Soviet government says we are. Stalin has now given an opportunity for Byrnes to step in and say that he takes Stalin at his word and wants to exchange students, professors, motion pictures, radio broadcasts, books and magazines.

cow indicate that the iron curtain around Russia is motivated by one compelling fact: "Soviet leaders do not want the Russian people to realize that the capitalist world may be equal or better than Communism. For years the Russian people have been sold the idea that their system is far superior to anything else; that capitalist nations are enslaved. That is why fraternization between Russian and American troops was discouraged. That is why Russians so avidly buy up wrist watches and other baubles on the Berlin black market. That is also why Soviet officials stationed abroad, such as Igor Gouzenka in Canada, sometimes become enamored of western civilization and desert the Soviet cause.

However, regardless of economic or political theories, permanent peace can rest only on the intimate understanding and the friendship of peoples. It cannot rest on the whim of governments. That is why, no matter how much the government of England might change, there never could be war between the American and British peoples. Their understanding of each other is too deep and solid to be swayed by any prime minister, president or king.

In Russia, however, public opinion is moulded, in fact made, by Moscow. It does not spring from the Russian people. For instance, after Prime Minister Attlee made his offer of independence to India, not one line appeared in the Russian press. Moscow newspapers had been harping for weeks on British failure to offer independence to India. But when the offer finally was made, the Russian people had absolutely no way of knowing it. Thus, if the Soviet government should ever want to justify hostilities with a certain country, or need a foreign threat to strengthen its hand internally, it has the propaganda machinery to do so.

That is why diplomats are intently watching to see whether Byrnes follows up Stalin's opening, calls a spade a spade and asks him to permit free interchange between the American and Russian people.

Note — It wasn't mentioned outside the cabinet, but the Russian situation was so tense just before Stalin started pulling his troops out of Iran that U. S. military men seriously discussed the bombing of Russian oil fields — if the Red army started an aggressive move on Turkey. President Truman is flatly opposed to using the atom bomb, but military strategists figured that long-range bombers, by knocking out Russian oil, would paralyze the Red army — if it started to march against Turkey or the Dardanelles.

"No, papa," said one of his daughters, "first we must go to see an ice-hockey game. That will be most exciting."

"Is Sonja Henie playing around here?" asked another daughter. "Papa loves to dance with Sonja Henie. I hope she's playing in New York."

The whole family then mourned the fact that Miss Henie is

SHANGHAI, (NEA) — The war isn't over for the 8,500 Jewish refugees in Shanghai. The first victims of the Nazi terror, they still find themselves homeless and stateless because the Chinese government considers them enemy aliens. And they're still living in the squalid, overcrowded ghettos that the Japanese forced them to live in after they captured China's great seaport city.

China does not recognize Hitler's 1941 law that deprived them of their German citizenship. Under Chinese laws, it's impossible for them to apply for Chinese citizenship. Until recently they faced the prospect of being sent back to the Germany they fled from in 1938, 1939 and 1940, a prospect

number of refugees swelled to the point it became impossible for them to continue financial support.

Then, as now, the American Jewish Joint Distribution Committee came to their rescue to provide food and shelter for those unable to work for a living. Even after the outbreak of war AJJDC arranged with the consulates of various neutral nations to pledge funds for their maintenance. But, under Japanese administration, little of the money ever reached the group.

Shortly after their occupation of the city, Japanese promulgated Nazi-inspired ghetto laws that forced all of the refugees to evacuate their homes and move into the overcrowded segregated quarters they still occupy in Hongkew, just north of the former international settlement.

Families were forced to live in a single room. Sometimes 100 to 200 men or women were jammed into one room, packed solid with triple-tier bunks. Employment was forbidden. Hundreds sickened and died during Japanese occupation.

Relief came with American occupation of Shanghai. UNRRA provided the food that spelled the end of their starvation and the

clothing that all of them needed to withstand the chill Shanghai winter. The bulk of the men and women physically fit for work found employment in some civilian branch of the American armed forces.

But whether employed or not, all of them are still forced to live in the ghetto because there is no other available housing in war crowded Shanghai. Even those who could afford the fantastic rents shied at leasing be-

POLITICAL ADVERTISEMENT
Mayor Wilks Answers Advertisement Signed "Sedalia Police Dept. Local No. 122."

In an advertisement signed "Sedalia Police Dept. Local No. 122," my statement that if elected I will do what I can to keep the Fire Dept. non-partisan is publicly commended. The writer of said advertisement so signed then asked me why I did not include the Police Dept. in my statement to keep the Fire Dept. non-partisan, and then asked: "Does this mean, Mayor Wilks, that the Police Dept. is to become a political football during the next administration should you be elected for another term?" Assuming the question was asked in good faith for the public good (and not for political reasons) the question deserves a sincere answer: As Mayor I appoint the Fire Chief with Council approval. I have nothing to do with who shall be Chief of Police. The Chief of Police is elected by popular vote as required in Section 6869 Revised Statutes of Missouri 1939. If the elected Chief of Police is foolish enough to make the Police Dept., of which he is chief, a "political football" instead of devoting his time, as he should, to giving police protection to the public that would be very bad for the public and the public should use great care not to elect a Chief of Police who will use his very important department as a political football.

In connection with the question asked and also with the Police Dept., I wish to say further that I have attempted to promote the dignity and self-respect of policemen and make them free from political influence by appointing policemen for full terms, subject only to removal after a hearing as the law provides. Actions speak louder than words. I have done and if elected shall continue to do what I can to keep the Police Dept. non-partisan and doing its duty in enforcing law and giving police protection free from partisan influence.

I also notice said advertisement is signed "Sedalia Police Dept. Local No. 122" but the name of the writer is not revealed. Is it possible that the writer of the advertisement is himself attempting to use the police for political purposes in an attempt to act as quarterback in making the Police Dept. a political football in this campaign. If so, he is harming his fellow policemen by attempting to make the Police Dept. partisan and thus promoting the very thing he complains about.

A. H. Wilks.

Looking Backward

Forty Years Ago

Sedalia is short on fuel, both coal and wood and the outlook is not good for the local yards being able to supply the demand should a blizzard come upon us in the immediate future. In the face of this, it is believed the biggest coal strike in the history of the country will begin at midnight tomorrow night. A dispatch from Indianapolis to metropolitan papers says the strike may affect every important mining district, throwing into idleness a vast laboring army of between 400,000 and 800,000 men.

The St. Louis Browns played at Springfield yesterday and shut the "Midgets" out, the score being 10 to 0. Ellis, Horton and Gimstead pitched for the "Midgets."

Dr. O. S. Clabaugh and William Paff of Green Ridge were in the city this morning on their way to Cole Camp.

Percy C. Little, a Katy painter, went to Harrisonville last night to bring his mother here to reside.

William Brunswicker, the saddler and harnessmaker, who has been in the employ of Charles Hoberecht for the past 14 years, is to engage in business for himself. Yesterday, Mr. Brunswicker purchased the harness and saddlery stock of the firm of Rothganger and Eschbacher at Cole Camp and took possession this morning.

cause of possible deportation. Most of the younger people hope to go to Palestine. The older ones hope to go to Australia or the United States. None wishes to return to Germany.

But all of them hope that their next place of refuge, wherever it may be, will give them the one thing they've dreamed of — a home.

VA Will Help Veterans to Go to School

All Are Entitled To at Least 12 Months of Education

Any veteran of World War II, regardless of age, is at present en- titled under the GI Bill of Rights to at least 12 months of education in any recognized type of school—college, university, business school, normal school, trade school, scientific institution, etc.

He must of course meet the gen- eral requirements of the Bill of Rights. The veteran can also get the government tuition and monthly subsistence payments for an additional period of education equal to the time he has been in active service after September 15, 1940, and before the not yet offi- cially declared end of the war.

\$500 Tuition Allowance
 What the veteran who goes back to school gets from the govern- ment is this: The Veterans' Ad- ministration will pay the school he attends up to \$500 during a normal school year for tuition, books, supplies and equipment that are charged to the non-vet- eran students.

He will also receive a monthly subsistence allowance of \$65 if without dependents, and \$90 with dependents. When the Veterans' Administration sends the veteran an approved Certificate of Eligi- bility and Entitlement he turns it in to the registrar at his school. The school then can bill the gov- ernment for this tuition and other expenses there, and the veteran in addition, will receive his month- ly subsistence check.

The school must answer some questions on the Entitlement form also and return it to the Veterans' Administration. Failure to do this promptly has in the past delayed the monthly subsistence payments to veteran students.

34 Week Term
 The \$500 is figured on a school year basis—for a university run on the semester plan that is two semesters. No course of education can exceed 48 months in length. A veteran eligible for that much education could attend five nine- month school years and have three months to spare. A veteran must start school within four years of his discharge or the official end of the war, whichever is later. He must complete it within nine years of the end of the war, which has not yet been formally de- clared.

When no regular semesters are involved, as in many trade schools, the Veterans' Administration has defined a school year as 34 weeks and full time as not less than 25 hours per week attendance. So a veteran in a trade school may in one calendar year get in more than one school year. He can receive the \$500 worth of tuition benefits at such a school every 34 weeks, without waiting for the end of a calendar year.

School fees can exceed \$500 a year, but the veteran must pay the difference himself. The \$500 can not be spent for board, lodging or other living expenses, or for travel to and from school.

Part-Time Job Set Up
 Unless he also holds a full-time outside job, the veteran in school

Greeks are Capable of Great Feuds and Great Loyalties

will get the maximum subsistence payments of \$65 or \$90 monthly. There's nothing in the GI bill to stop a veteran from taking a part- time job to increase his income, however. Many, particularly the married students, find this neces- sary.

Eager to Assist Veterans
 In your county court house there is an assistant State Service Officer, each Monday through Sat- ursday noon at the court house. He is there to help veterans by filling necessary forms, give all available information, and there- by speeding up the process of get- ting the necessary Certificate of Entitlement. Any other problems that confront the veteran may be solved by contacting this officer.

New Method Of Issuing Canning Sugar

Many requests for applications for home canning sugar are being received at the board, despite the fact that only spare stamp 9 in ration book number four is need- ed, James Franks, local price con- trol board chief clerk, said today, adding that this stamp, which was validated March 11, is good for five pounds of sugar for canning purposes.

He pointed out that the new method of issuing home canning sugar, formerly granted upon ap- plication to local War Price and Rationing Boards, was adopted because local price control boards have not been handling rationing functions since January 1, when administration of the only remain- ing rationing program, sugar, was transferred to OPA district offices.

Supply Still Short
 Because district offices would be unable to handle the approxi- mate 35,000,000 individual home canning applications, a method of general issuance was provided. Thus, he said, there will be no delay in getting sugar to home canners, as there would be if con- sumers were required to wait on individual approval of applica- tions.

Because the sugar supply is still very short, Franks urged consum- ers not to use their canning sugar stamp to buy sugar unless they plan to use it for actual canning purposes. The regular sugar stamp No. 39 is the only one now good for home use.

Social Events

The annual spring stag dinner at the Sedalia Country club was held Tuesday night with 30 men in attendance. Hugo Sparr, pre- sident of the club, served as toast- master. Singing was part of the evening's entertainment.

There will be a program in the county court room of the court house at 1:30 o'clock Saturday af- ternoon for members of the Junior Garden club. Mrs. A. L. Pringle is club sponsor.

J. U. Morris will lecture and show pictures on how to care for trees and gardens.

Members who attend will be given 25 points on their queen con- test.

A farewell party was given Thursday evening for Mr. and Mrs. R. C. McCarn by friends and neighbors at the McCarn home. Thirty-fourth street and Missouri avenue. Mr. and Mrs. McCarn are removing to Greenville, Miss., to make their home where Mr. Mc- Carn will be associated with the Delta Democrat about June 1.

Those attending were Mr. and Mrs. John Wilken and sons, J. H. Maas and daughter, Sena, William Shutt and Mr. and Mrs. Fred Al- berts.

The evening was spent in con- versation after which refreshments were served.

Mr. and Mrs. McCarn were pre- sented with a number of nice gifts by the group.

Black Market
Raid, Then Riot

STUTTGART, Germany, March 29.—(AP)—One displaced Jew was killed, five were wounded, and an American soldier and several German policemen injured today in violent rioting which followed a black market raid on a displaced persons camp in Stuttgart's outskirts.
Two hours of rioting erupted when German police, accompanied by a "token force" of U. S. military police, moved into the camp to search for counterfeit ration stamps. First reports indicated the fighting was complicated when nearby American soldiers, who did not know the raid had official sanction, rushed to the aid of the displaced persons.
The riot ended only when American armored cars rolled into the camp.
About 135 German police, accompanied by U. S. military police and 85 German investigators, moved into the camp at about 6:30 a. m.
A loudspeaker announcement informed the displaced persons that a "black market" raid was in progress and instructed them to allow the police to enter homes which comprise the camp on the outskirts of this city.
The German police, however, were met by a shower of bricks and bottles as they tried to carry out the search.

Security Council
Asked to Look Into
Russian Promises

(Continued From Page One)
to Russia and Iran.
Byrnes is understood to have taken the leadership in this whole plan and under him American diplomats were working out the text of a note, covering three principal questions.
It was generally assumed that the purpose of the 2:30 meeting was to go over this text and determine whether all 10 members could accept it. The biggest question revolved around Ambassador Oscar Lange of Poland, whose course in the council has been closely identified with that of Russia.

Hope to Forward Request
Top officials hoped, however, that Lange would come through and the council could forward the request for information without even taking a formal vote or putting it in the form of a resolution — an action possible only when there is complete unanimity among the members.
Replies would be requested by early next week, probably Tuesday or Wednesday, after which the council might proceed with or without the answers. The question procedure won informal majority support at a closed session of the council late yesterday, according to persons familiar with the discussions at that meeting.
Among top delegates there was some hope the Soviet government would find this, or some other method, as a graceful way out of the situation created by Ambassador Andrei Gromyko's Moscow-directed absence from two council sessions.

To Eliminate
War Industry

BERLIN, March 29.—(AP)—A plan to eliminate Germany's industrial war potential, while retaining enough of the beaten nation's economy to make it reasonably self-sustaining by 1949 has been adopted by the Allied Control Council.
The program, outlined in detail by the council last night, slashes German economy in half and places future emphasis in production on agriculture and on coal and materials for the rebuilding of war-torn cities.
Every industry which could possibly be diverted to the manufacture of war materials is to be eliminated and other industries considered on the fringe of the war potential are to be cut back. Only enough export trade is provided for to pay for the food Germans must import to maintain their reduced living scale.
Allied officers said the target is to establish by 1949 a standard of living for Germany approximating that of 1932. Germans would not be permitted a higher standard of living than the European average.

'Boot Heel' Has
Good Water

ST. LOUIS, March 29.—The "Boot Heel" area of Missouri has been brought into position for development as an industrial area by the recent discovery of an inexhaustible supply of water with a small iron content, John G. Grohskopf, assistant state geologist of the Missouri Geological survey, declared today.
Grohskopf told a sectional meeting of the American Association for the Advancement of Science the discovery was made in the deep-seated rock formations in the southeastern section of Missouri. He described the newly found supply as a "soft" type, not requiring the expensive refining treatment needed by water from previously known sources in the area.
The area includes the counties of Pemiscott, Dunklin, New Madrid, Stoddard, Mississippi and parts of Scott, Butler, Ripley and Cape Girardeau, Grohskopf said.

Sight Returns
To a Mother

SEATTLE, March 29.—(AP)—Mrs. Shirley Vetter, who lost her sight in 1944, regained it miraculously last year after the birth of a daughter, it was learned today.
The case came to light when Mrs. Vetter revealed plans to fly east for a visit with relatives. Mrs. Vetter, herself, refused to talk with reporters. She is to leave here Saturday night.
Following a fall down stairs, Mrs. Vetter lost her sight. With the birth of the daughter it returned in a matter of days. Physicians said the blindness was psychological. The daughter, Tamara, now is eight months old.

Bishop Manning
Plans to Retire

NEW YORK, March 29.—(AP)—The Right Rev. William T. Manning, Protestant Episcopal Bishop of New York for 25 years, and one of the nation's best known churchmen, will resign in December.
In an announcement yesterday from the Cathedral of St. John the Divine, Bishop Manning, who will be 80 May 12, said he would present his resignation to the House of Bishops at the triennial general convention of the church in September.
The churchman gave no reason for his action.

KANSAS CITY, March 29.—(AP)—The division office of the Bureau of Community Facilities reported today that more than \$600,000 had been advanced by the Federal Works Agency to Missouri and Kansas communities for plans and specifications for public works construction. The figures were as of December 31, 1945.
A total of \$476,782 was advanced to Missouri public bodies for planning work estimated at \$18,126,339 and \$141,169 was loaned to Kansas communities to design work valued at \$4,511,389.

Would Cancel
Bomb Tests

WASHINGTON, March 29.—(AP)—Senator Huffman (D-Ohio) today offered a resolution calling for outright cancellation of the proposed atom bomb tests at Bikini Atoll this summer.
"This is no time for martial gestures," Huffman told the chamber. "The reasons for the cancellation are fundamental and of such common sense as to be obvious."
The United Nations Organization is in its infancy. It is incongruous to its every purpose and aim for this nation or any nation to exhibit large scale preparation for future wars, and it is unthinkable that the United States should even remotely indicate that she is preparing for an atomic war."
The Huffman resolution asked that the Senate request the President "to cancel the two atomic bomb tests scheduled to be held at Bikini in the Pacific ocean commencing in July, 1946."

Ask Extension
Of Draft Act

WASHINGTON, March 29.—(AP)—The navy teamed up with the army today in asking Congress to extend the draft act beyond May 15.
Vice Admiral Louis E. Denfeld, navy personnel chief, told the Senate military committee that the navy is getting plenty of volunteers, but said they are joining to avoid being inducted into the army.
The admiral said the navy had 449,000 regulars signed up as of April 1, but that it needed 96,000 more, or about 20,000 monthly in order to reach a planned strength of 550,000 regulars by September 1.

Arrest Russian for
'Snooping Around'

SHANGHAI, March 29.—(AP)—A spokesman for the army's criminal investigation division said today that a Russian civilian employee of the U. S. Army has been arrested for "snooping around" a newly-landed aircraft, and has been found to possess secret army documents relating to airforce installations.
He is undergoing questioning, the spokesman said, but the army is not yet inclined to treat the matter as an espionage case. The army has been unable to determine whether the man was a White Russian (pre-communist) or Soviet.

OBITUARIES

Mrs. Florence Lamy Chambers
Mrs. Florence Lamy Chambers, aged 77 years, died at 8 o'clock Thursday evening, at the Bothwell hospital after a lingering illness. She had been residing at the Dean apartments.

Mrs. Chambers was born in Boonville, Mo., October 19, 1869 the daughter of Ernest Lamy and Lucy Caroline Lamy and was married in November of 1913 to Frank R. Chambers of Boonville residing there since until his death in 1938, after which she returned to Sedalia.

Mrs. Chambers was a faithful member of the First Baptist church and took an active part in church affairs as long as her health permitted.

She is survived by fourteen nieces and nephews three of them being Mrs. Joseph Waddell, Mrs. Harry Bouldin and James Pierre Lamy, all of Sedalia.

Funeral services will be held at 2:00 o'clock Saturday afternoon at the McLaughlin chapel with Rev. T. W. Croxton, pastor of the First Baptist church, to officiate. Burial will be in the Lamy lot in Crown Hill cemetery.

Mr. Highleyman was reared in Sedalia and was graduated from high school as valedictorian of his class. After serving a machinist's apprenticeship at the Missouri Pacific shops, he went to Chicago where he attended the Manual School of Mechanical and Engineering courses.

During World War I, he went to Europe in the interest of the railroad and returned with the rank of major when peace was declared. He was superintendent of motive power and machinery of the Union Pacific system until his retirement.

Surviving are his wife, of Eureka; two sons, Richard and Frank Highleyman, of the navy and seabees, respectively; two grandchildren, Searl Highleyman of the navy, Great Lakes, Ill., and Miss Patricia Highleyman of Kansas City; two sisters, Mrs. Heber Page of Dallas, Tex., and Miss May Highleyman of Sedalia; a brother, R. R. Highleyman of Sedalia; two nieces, Mrs. Wilbur S. Elliott of Washington, D. C., and Mrs. A. P. Phillips of Orlando, Fla.; and a great-niece, Mrs. David Lord of San Francisco, Calif.

The deceased was a member of the Masonic and Elks lodges and the Rotary club.
Funeral services were held in Eureka. The body was cremated.

George Leedy Baker
George Leedy Baker, 63 years old, life long Sedalian, died at his home 700 1/2 South Ohio avenue, at 6:00 o'clock this morning. He had been in failing health for the past two years.

Mr. Baker was born March 22, 1883 in Sedalia, the son of the late Mr. and Mrs. J. H. Baker. He was married to Miss Alice Pope in 1909. He was an electrician and was employed at the Sedalia Army Air Field from its opening until about six months ago. He was a member of the Security Benefit Association.

Surviving besides his wife is one daughter, Mrs. L. O. Fullerton, 101 1/2 East Thirtieth street.
The body was taken to the Gillespie funeral home where it will remain until after the services which will be Monday. Complete arrangements have not been made.

Charlie F. Berry
Charlie F. Berry, son of Thomas M. and Mary S. Berry, was born October 7, 1869, near Cole Camp, died in the City hospital of Fayetteville, Ark., at 9:30 p. m. Wednesday, March 20. He was reared in this community and received his education in the Plainview school and later attended Central Business College in Sedalia.

On April 11, 1897, he was married to Elizabeth S. Gorman, who survives with her three children, Dorothy, Mrs. H. G. Brady of Cole Camp, Roland C. of Fayetteville and T. Milan of the home. One infant daughter preceded him in death. He is also survived by three grandchildren, Betsy Lloyd and Eddie Sue Berry and Weldon Reed Brady; one sister, Addie, Mrs. A. L. Nettles of Garvin, Ok.; three brothers, Harvey T. of Lincoln, Mo., Lorrain G. and Guy C. of Sedalia.

Preceding him in death were one sister, Laura, Mrs. Henry Curtis, and three brothers, Albert N., Arthur and Archie.
In boyhood he united with the Mt. Olivet Methodist church and remained a faithful member throughout his life.

He was in the mercantile business for thirty-five years and has been president of the school board and a member of the city council of Cole Camp, and served on the board of trustees of the Mt. Olivet church.

Funeral services were conducted Saturday, March 23, at 3 o'clock at the Eickhoff funeral home in Cole Camp. The service was under the direction of the Rev. G. M. Winton, assisted by the Rev. Steve Gardner. Mrs. James Ryan and Mrs. E. G. Bohling sang "Crossing the Bar," accompanied by Miss Opal Harris.

Services were concluded at the Mt. Olivet Methodist church with the Rev. Steve Gardner and the Rev. G. M. Winton officiating, and

interment was in the Mt. Olivet cemetery.

Laying Workers Off
KANSAS CITY, Kas., March 29.—(AP)—Operations in the beef killing departments of packing plants here neared a standstill today as the number of workers laid off reached 2,000.

One plant reported it had killed sixteen beef cattle this week, compared with 399 for the corresponding week a year ago.

Packinghouse officials blamed OPA regulations for the stoppage at their plants.

The new three-cent postage stamp, reproduced above, honors all veterans of World War II. It bears the honorable discharge emblem, surrounded by five stars, representing the dead of various branches of the service. First day sale will be at the White House, May 9.

Damages Denied
ST. JOSEPH, Mo., March 29.—(AP)—William A. Wise, Andrew county farmer who charged that the sight of a pipeline inspector had frightened his cattle and caused them to go "off their feed," was denied \$2,000 damages yesterday when Judge Emmett J. Crouse sustained a demurrer in the farmer's suit against the Standard Oil Company.

Disposing of Ships
WASHINGTON, March 29.—(AP)—The navy proposes to get rid of the battleships Idaho and New Mexico and eight cruisers as the result of proposed cuts of about \$2,000,000,000 in its budget.

In announcing that the ships would be "disposed of," the navy declined to explain what that meant.

Loses License Division
JEFFERSON CITY, March 29.—(AP)—Gov. Phil M. Donnelly has signed a bill stripping the secretary of state's office of the big automobile and drivers license divisions. Under the measure, passed to comply with requirements of the 1945 constitution, the secretary of state will retain his present duties in connection with elections and the granting of corporation charters.

Suspected a "Peeping Tom"
MARYVILLE, Mo., March 29.—(AP)—Henry Stapler was working on the roof of a downtown building when someone carried away his ladder.

His newspaper ad about the missing ladder was answered by the police. They had confiscated it when a nearby shop keeper suspected a "peeping Tom" might be using it.

Stabbed To Death
ST. JOSEPH, Mo., March 29.—(AP)—Manuel Zaragoza, 21, Watheana, Kas., was stabbed to death early today in the driveway of a belt highway tavern.

Sheriff's deputies said they were holding three men for investigation. Zaragoza recently was discharged from the army after service overseas.

Tut-Tut!
President Truman stuck his neck out at the recent Jackson Day dinner in Washington and sartorial purists promptly started swinging at it. The President, as seen above, wore a silver-striped tie with his dinner jacket instead of the conventional plain black bow. Shocked eyebrows went up, then came down in condemnatory frowns. "Faux pas of the season," "Absolutely incorrect; 100 per cent wrong," "Most unusual." These were typical of the fashion experts' pained comments.

Aid in Handling
Labor Disputes

WASHINGTON, March 29.—(AP)—Five regional coordinators have been appointed by the United States conciliation service to strengthen the agency's procedures in handling labor disputes. The coordinators will be responsible for maintaining liaison with other government agencies. Their appointment is a direct outgrowth of recommendations made at the labor-management conference held in Washington several months ago, the labor department said.

The regional coordinators include: John E. Pennell, Kansas City, Mo. coordinating activities in Iowa, Nebraska, Missouri, Kansas, Arkansas, Oklahoma and Texas.

Police Hunt Hit-
And-Run Driver

Police are looking for a hit-and-run driver who struck a parked car at Broadway and Snead avenue. The car is owned by Bill Hartman, Third street and Lafayette avenue, and was parked because a flat tire was being changed.

The passing car had a fender "skirt" on it and this was knocked from the fleeing automobile. The rear left fender of Hartman's car was badly damaged. The accident occurred about 2 o'clock this morning.

Slight Hike in Some
Meat Next Monday

WASHINGTON, March 29.—(AP)—Housewives will pay slightly more for most pork and about a third of all beef cuts beginning next Monday.

Announcing this today, the OPA said the increases result from higher prices recently authorized for the packing industry to offset a wage increase of 16 cents an hour.

Price hikes for veal, lamb and mutton will be announced later.

Services at Dresden
There will be preaching services at the Dresden Methodist church Sunday at 11 a. m. and 7:30 p. m. by the pastor, the Rev. William Ezell. Church school will be at 10 a. m. under the direction of C. P. Fichter, superintendent.

Draft Men in
Case of Strike

RICHMOND, Va., March 29.—(AP)—Governor Tuck today drafted approximately 1,500 production and maintenance workers of the Virginia Electric and Power company into the state's unorganized militia and placed them under military law, subject to court martial, if they refuse to work for the commonwealth in the event of a strike.

The Governor directed members of the Virginia State Guard to serve on each officer and employee of the power company under the age of 55 a "notice of draft order to report."

Approximately 2,500 members of the State Guard began serving the orders on VEPCO workers at 9 a. m. today. Copies were placed in their hands at emergency meetings in armories and schools in various parts of the state last night.

The unprecedented action followed the governor's declaration of a state of emergency yesterday in a move aimed at preventing any interruption of power service in the event a strike of VEPCO workers takes place Monday as threatened.

WASHINGTON, March 29.—(AP)—President William Green declared today that the American Federation of Labor "will never acquiesce" in the action of Virginia authorities in drafting power workers threatening a strike.

Cut Rations
For Germans

BERLIN, March 29.—(AP)—Lt. Gen. Lucius D. Clay, deputy military governor of the American zone, announced today that food rations for Germans would be cut 20 per cent as of April 1, thus reducing the daily ration from 1,550 calories to 1,275. The ration has been lowered in the British sector to 1,042 calories.

Clay announced the planned reduction to the minister presidents of Bavaria, Wurttemberg-Baden and Greater Hesse at Stuttgart.

Clay said the war department was making 15,000 tons of wheat available from U. S. crops during April, May and June and stated that additional shipments after that will be necessary if the new lowered scale is to be maintained.

Christ In The World

Spiritual writers tell us that the personality of Christ was so captivating that great crowds would remain with Him for days, just to be near Him. St. Mark wrote that "the mass of the common people like to hear Him." The sick and lonely came that they might enjoy the solace of His kindness and compassion. Mothers brought their children to receive His blessing, and even sinners were welcome to sit at table with Him if they so desired. There were no closed doors to Christ.

It was often said that those who came in contact with Christ could never be quite the same again. When He spoke, it brought music to the ear, joy to the heart. The world itself seemed changed, because Christ had revealed the Kingdom of His Father, which was to be theirs if they but choose to follow the path of His Love.

It is two thousand years since humble ordinary men could feast their eyes upon the beauty of the Nazareth, and feel the inward prompting of His message. But to those who have the eyes and ears of faith, the Savior is as much in the midst of men today as when he walked by the shores of Genesareth. He is still a witness to their needs; He still yearns to shower His consolation and blessing upon all who invoke His name.

This is a time to remember this simple Christian truth, so often forgotten by a restless, unhappy world. There are many whose hearts are heavy with despair; others who lack strength and courage in the fight against evil. There are many who mourn and have not the consolation of faith to sustain them. To all such—indeed to all men, good or bad—who need Him, there remains the abiding reality, if they will but seek it, of Christ, who is "the same, yesterday, and today, yes, and forever."

Sunday School Lesson

A Nation Demands a King
Scripture: I Samuel, Chapters 8-10, especially I Samuel, 8:10-22
By William E. Gilroy, D. D.

Was Samuel, the first great prophet-statesman of Israel after the establishment of the people in Palestine, a failure or a success? He succeeded as a religious leader. He was a success as a man of integrity, completely devoted to the safety and welfare of his people. He made Israel strong, and it is doubtful whether the disaster which came upon them in defeat and downfall of their first king, Saul, would ever have occurred if the people had been content with Samuel's leadership.

But Samuel attempted to do what other able and sincere religious leaders have attempted to do in the course of history—to combine civil and political power with clerical authority—and in this he failed, as almost all of his successors in that effort have failed.

Despite Samuel's apparent success, the people revolted against his rule, not violently but effectually and demanded a king. The early verses of Chapter 8 suggest that it was because Samuel, growing old, attempted to have his sons, rascals like Eli's, established as judges in his place. But the whole account of the demand for a king and his selection, put together apparently from different sources, makes it clear that the people wanted a king "that we also may be like all the nations; and that our king may judge us and go out before us and fight our battles." It was a distinct rejection of Samuel and Samuel

so interpreted it, and as a rejection of God's counsel and guidance as well.

Instead of giving the impression of being old and decrepit, Samuel appears to have been still vigorous in thought and action. He warned the people in plain and terrible words, which for the most part have had tragic vindication in the history of kings, of what their turning from his religious leadership to dependence upon a king would mean.

"He will take your sons, and appoint them for himself, for his chariots, and to be his horsemen—he will take your daughters to be confectionaries, and to be cooks and to be bakers—he will take your fields and your vineyards, etc." (See chapter 8, verses 11-18). It is a vivid and for the most part a remarkably prophetic account of what kings have been in history, as much oppressors and exploiters as rulers. And the words of Samuel were prophetic of what happened to Israel, despite the strong rule of David and the glory of King Solomon.

What, then of religion and civil government? Must government be secular to be successful? No. Samuel was right in his contention that religion must be at the very head of a nation that would seek safety and the commonweal. But he was wrong in the idea that ecclesiastic rule is the necessary condition of good government.

It is principles of truth and righteousness of love and mercy, that must be at the foundation of the state, not church dogmas which may or may not represent those principles.

Speaker for Bible Conference

VERSAILLES, March 29—With Dr. Wesley C. Davis of the faculty of Southern Methodist university as the speaker, a Bible conference will start Sunday at the Methodist church in Versailles and continue through April third.

Dr. W. C. Davis
Dr. Davis, professor of New Testament, will speak six times in the Bible conference series, which are to be non-denominational. The Rev. L. H. Westphal is pastor of the local Methodist church.

White, director of choir; Mr. W. H. Swift, Supt. of Bible School. Bible school at 9:45. Morning worship and communion at 10:45. Subject of sermon, "The Use of Power." The Sunday evening service at 7:30 will be an all-picture service with a musical background. The subject to be dealt with is "Come Unto Me." Matt. 11:28. With this subject in mind we shall treat with the thoughts, of personal behavior, social adjustment and personal salvation. An evangelistic sermon with illustrated pictures.

Mrs. Sue Bolte

Members of the Helping Hand Sunday school class and their teacher, Mrs. Wiffenbach, met Thursday at the home of Mrs. Anna Hoerman, whose assistants were Mrs. J. J. Lamm, Mrs. George Green and Mrs. Patty Hotsenpiller. Mrs. Mark Lamm was a visitor. Mrs. W. E. Lamm presided over the business session and led the devotional service with Mrs. Emma Bohon giving the story. Mrs. Emma Monsees led an original game, which was won by Mrs. J. J. Lamm. Refreshments were in keeping with the Easter season.

Mrs. Patty Hotsenpiller and son, Troy, were pleasantly surprised Sunday when their son and brother, Capt. Harry Hotsenpiller, of Camp Carson, Colo., arrived for a short visit. He returned to camp Tuesday morning.

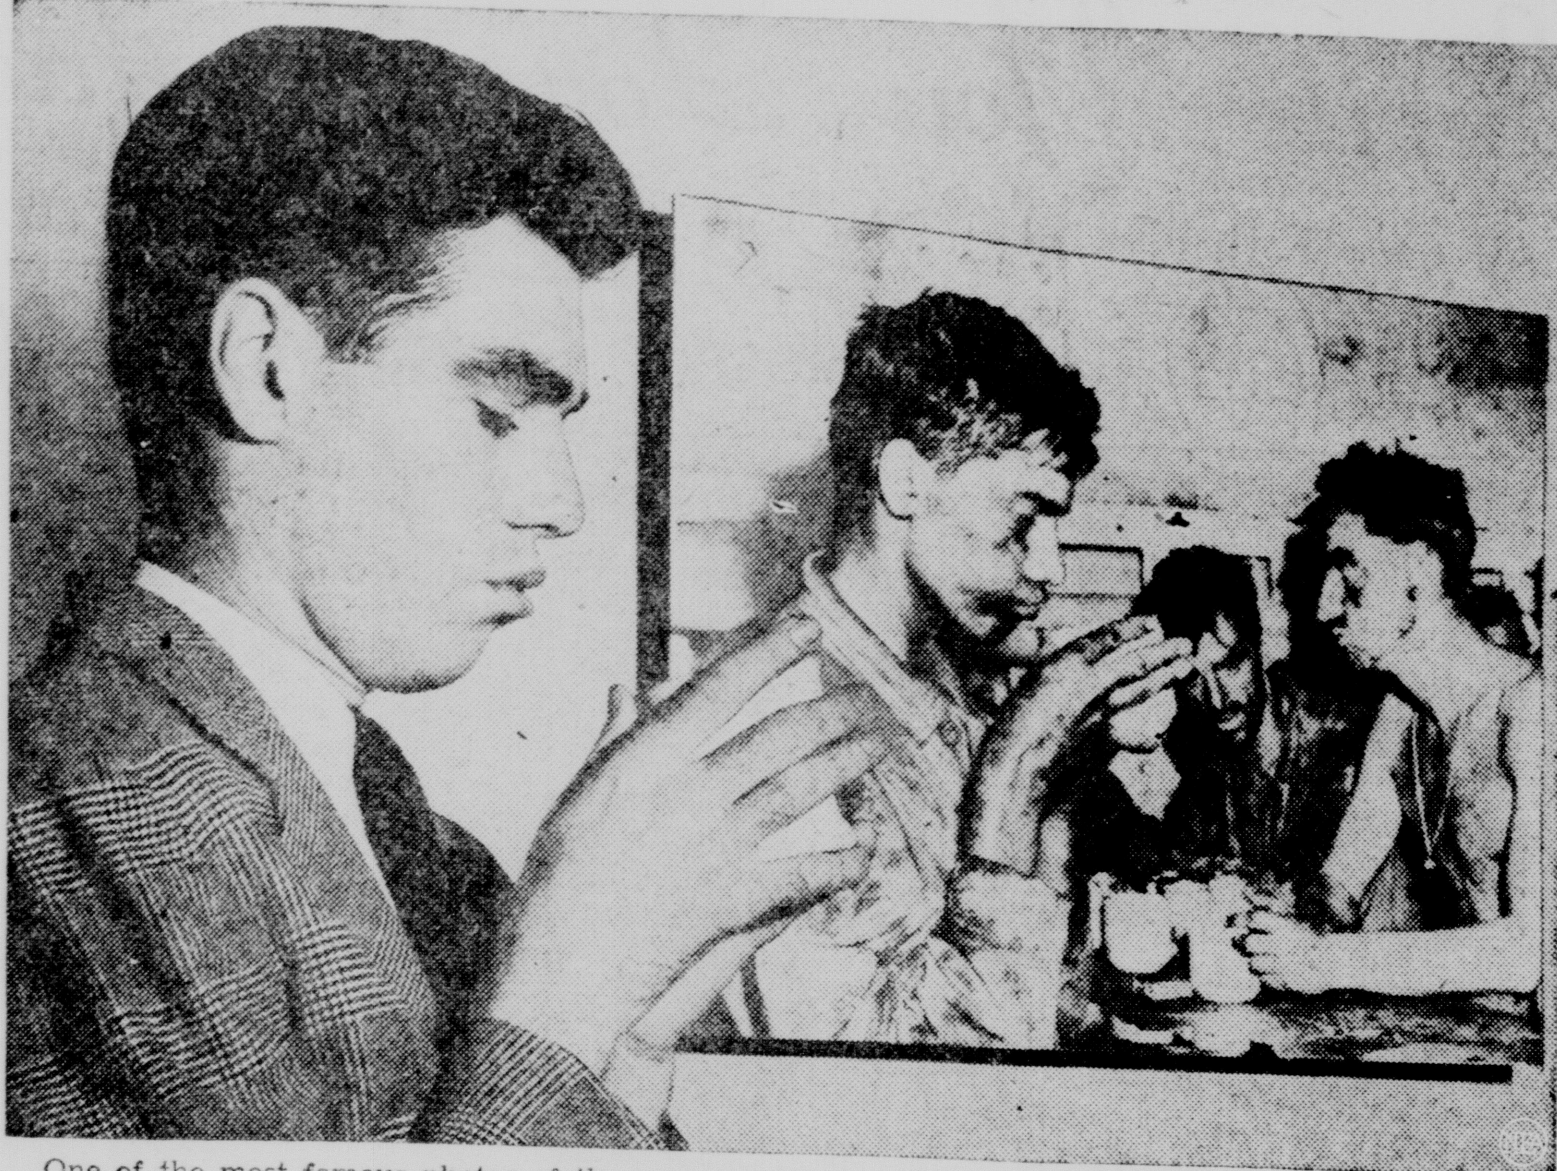

The Stony Point Club met recently with Mrs. Newt Hotsenpiller. Each member took the hostess a gift. Miss Sadie Homan led the devotional service. The next meeting will be at the home of Mrs. Fred Page. The annual donation for the Red Cross was collected by Mrs. Don Keefer.

Miss Marian Demand, supervisor of music in Grandview high school, spent the week-end with her parents, Mr. and Mrs. Harry Demand.

Carolyn Hampy spent the week-end with her grandparents, Mr. and Mrs. C. R. Ellison, and attended the community plays.

Mr. and Mrs. Robert Griffin are spending a few days with Mr. and Mrs. John Griffin of Tulsa, Okla. Miss Mary Hotsenpiller of Kansas City spent the week-end with her mother and brother, Mrs. Patty Hotsenpiller and Troy.

M. T. and Mrs. John G. Brinson of Quantico, Va., spent a few days this week with her grandparents, Mr. and Mrs. J. H. Pace, and other relatives. Mrs. Brinson is the former Wanda Lee Pace.

One of the most famous photos of the war was the one at right, above, taken a little over two years ago. It shows a trio of Marines, begrimed and fagged with fatigue after two days and nights of steady fighting to take Eniwetok Island, enjoying hot coffee aboard a Coast Guard transport. One of them, ex-Marine Paris M. Touhy, of Washington, D. C., poses with a cup of coffee, in his Washington, D. C., home—his face and civilian clothes in sharp contrast to his wartime picture.

M. T. Brinson is stationed with the Marine Corps in Virginia. From here, the couple will go to Detroit to visit with relatives.

Mr. and Mrs. Albert Moore of Nevada spent the week-end with Mr. and Mrs. R. R. Demand and Mr. and Mrs. Moore of Sedalia.

Albert's brother, Wilber Moore, is quite ill in Bothwell hospital.

Mrs. Pearl Hummel of Kansas City is visiting her brothers, Joe and C. L. Smith, and Mrs. Fred Page.

A number of friends and members of the Christian church gathered at the home of Mr. and Mrs. Cleo Sutherland for a weiner roast in their outdoor fireplace Thursday evening, honoring Mrs. Eda Ratje, who will soon leave to make her home in Columbia. Others present were Prof. and Mrs. B. B. Ihrig, Mr. and Mrs. Raymond Reid and children, Mr. and Mrs. Glen Martain and children, Mr. and Mrs. Harold Scott and family, Mr. and Mrs. Archie Peoples and daughter, Mrs. Howard Scott, Miss Evans of Sedalia, Mrs. Cora Lindeman, Mrs. Minnie Young and sons, Mrs. Harry Ramseyer, Mrs. B. F. Sharper and daughter, Bonnie, Mrs. Earl Moberg and daughter, Phyllis, Mrs. Joe Monsees, Mrs. Bessie Sanders and Dale, Margie and Gordon Sutherland.

Mr. and Mrs. A. F. Neumeyer and Verona were guests several days recently of their son, A. L. Neumeyer and family, of Kansas City.

Ed Sawford, who has been quite ill, was taken to Kansas City recently for medical treatment.

tertained the following Sunday dinner guests: Mr. and Mrs. Sam Tuck and children, Jean and Frank, of Houstonia, Mr. and Mrs. James Houchen and daughter, Barbara Sue, and Mr. and Mrs. Jack Knight and son, Jackie.

Miss Jeannie Landers, student at CMSTC, Warrensburg, spent the week-end at the home of her parents, Mr. and Mrs. W. Grimes.

Mr. and Mrs. G. W. Meyers and son, Jerry, have moved to the farm west of town recently vacated by Mr. and Mrs. Floyd Thomason.

Cpl. George Lowrey, son of Mr. and Mrs. Dwight Lowrey, recently telephoned that he had arrived in St. Louis from overseas and would be home the latter part of the week after receiving his discharge. He entered service October 18, 1942, received three months' basic training at Jefferson Barracks and from there went to Boston, Mass., to attend a school of drafting for three months. He was then sent to Fairfield, N. J., spent several months on the coast, and went to Georgia for more intensive training and instruction in drafting. After several months at Springfield, Ill., he went to Kelly Field, Texas, and went to India in 1945, where he drove trucks across the Burma Road to Kunming, China, where he was stationed. He came to the States aboard the USS General Hugh L. Scott, which docked at Seattle, Wash., March 20. His parents sent him The Sedalia Democrat the entire time he was in service.

**Get Permanent
Five Star Rank**

WASHINGTON, March 29—(AP) President Truman Thursday designated four army and four navy men for permanent five-star rank and said they would form a council of elder statesmen to advise the President in emergencies.

Acting under new legislation, Mr. Truman said he was raising to permanent five-star grade generals, Marshall, MacArthur, Eisenhower and Arnold, and Admirals Leahy, King, Nimitz and Halsey. In addition, the President said he was nominating General A. A. Vandegrift of the Marines and Admiral Russell R. Waesche of the Coast Guard for permanent four-star rank.

The legislation, Mr. Truman told his news conference, creates for the President an elder statesman's organization for national defense. Because they will be assured of the permanent high rank and the

In Wichita**

WICHITA, Kas., March 29—(AP)—In jeeps, model T's, truck and tractor-hauled trailers, on foot, by tandem bike and on scooters, some 4,000 fun-making Shriners paraded through uptown Wichita late Thursday.

And the weather man, co-operating to make the "hot sands" hotter for the red-fezed nobles, contributed bright sunshine and a 75-degree temperature—second highest of the season.

Parading units include the band of the host temple, Midian, of Wichita; the drum corps and patrol of Tulsa's Akdar temple; Osman temple's ancient fire truck from St. Paul; old-time luxury autos jammed with nobles from Anad temple, East St. Louis; and patrols from Arab temple, Topeka, Kas., Zag-A-Zig temple, Des Moines, Iowa, and Isis temple, Salina, Kas. The Shrine's imperial potentate, William H. Woodfield, Jr., of San Francisco, and fellow members of the Imperial Divan, rode as guests of honor at the head of the parade.

A ceremonial session tonight and election and installation of officers, Friday will close the 28th annual convention of the national Shrine Directors Association of North America.

"REALITY" is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March 31, 1946.
Golden Text: Philippians 4:8.
Among the citations which comprise the Lesson-Sermon is the following from the Bible:
"God is a spirit; and they that worship him must worship him in spirit and in truth." (John 4:24).
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures", by Mary Baker Eddy:
"The Scriptures imply that God is All-in-all. The Scriptures also declare that God is Spirit. He is all-inclusive, and is reflected by all that is real and eternal and by nothing else. He fills all space, and it is impossible to conceive of such omnipresence and individuality except as infinite Spirit or Mind. Hence all is Spirit and spiritual." (p-331).

Yanks Look Ready for a Pennant Race

McCarthy Has Great Club at His Command From Stem to Stern

By Gayle Talbot
TAMPA, Fla., March 29—(AP)—If ever a ball club looked ready to run away with a pennant race it is the New York Yankees as they break camp at St. Petersburg today and strike out on the exhibition tour that will take them through seven states, including Texas, on their way north.

Once again Joe McCarthy, perhaps the most skilled of all the managers, has a great club at his command, strong from stem to stern, and once again the American league is due to find the combination unbeatable. This observer's best guess is that the Boston Red Sox will finish second, the Detroit Tigers third and Washington fourth, ahead of Cleveland.

It would be impossible not to pick the Yanks. No insight into the complexities of baseball is required to predict that a club with such hitters as Joe Dimaggio, Charley Keller, Tommy Henrich, Nick Etten, George Stinewiss and Joe Gordon in its lineup will be hard to head off.

In pitching the club does not appear to stack up with several opposing teams, including Boston, Detroit, Washington and Cleveland; yet with the kind of hurling it is certain to get, its batting should prove adequate. Yankee pitchers will not have to produce shutouts to win. McCarthy, who should know, says his pitching will be "all right."

Joe Cronin's Boston club is a similarly natural choice to chase the Yankees to the wire again, just as it did in '42 and '43 before both teams lost their stars to the services.

Detroit's case probably is unique in baseball — champions one year and relegated to third place before the next race opens. Not only that, but the Tigers will be a vastly stronger outfit than that which beat the Cubs in the last World Series. The answer is, of course that the Yankees and Red Sox got back even more and better stars from the service.

The St. Louis Browns, still afflicted with a serious holdout in Shortstop Vern Stephens, do not look strong enough to break into the league's "Big Five" though it is only two years since they won the flag. Their crop could be compared to that of the Tigers. The Chicago White Sox should be able to beat the Philadelphia Athletics to the seventh spot.

The kiwi is a flightless bird of New Zealand.

Sports Roundup

By Hugh Fullerton, Jr.

NEW YORK, March 29—(AP)—The Brooklyn Dodgers of the all-America football conference will have a theme song — appropriately called "The Brooklyn Dodgers" — authored by Benny Benjamin, writer of "O What It Seemed to Be" and "I Don't Want to Set the World on Fire." ... That leaves the field wide open for snide remarks from National league circles. ... The race tracks are safe from the atomic bomb for 15 years. Mrs. Elizabeth Graham, who got in first with an application for that name, has changed her mind at \$100 a change and now calls the colt Admiral General (one word). According to the rules a name once granted can't be duplicated for 15 years. ... The National Association of Professional Baseball leagues had an \$800 telegraph bill for one month on wires sent to Durham, N. C., about waivers.

One-Minute Sports Page

Greg Rice has authored a pamphlet on distance running for the New York A. C. youth athletic council. ... Bill Wight, the drawing rave notices in the Yankee training camp, won only 15 games and lost 22 in two seasons at Idaho Falls and Norfolk before going into service. ... Minneapolis boxing fans are all worked up over amateur heavyweights Vince Donnelly and Dick Grant, but they're afraid the kids will burn themselves out. One is 15 and one 16. ... Boston College, where the enrollment dropped under 300 during the war, had an initial turnout of 71 for spring football practice the other day. ... Best story of the recent Madison Square Garden basketball tournaments concerns the visiting athletic director who bought a lot of tickets for alumni and friends. The eager old grads accosted him in a hotel lobby to get their share and the athletic director was promptly picked up for "scalping." He had a heck of a time explaining it.

Although the national baseball congress registration is for any boy over 14 years old, Ray Diumont's records show that 50 per cent of those registering last year were in the 16-18 group.

TODAY A YEAR AGO — Oklahoma Aggies, NCAA champions, upset DePaul, national invitation tournament winners, 52-44, in Red Cross benefit basketball game at Madison Square Garden.
THREE YEARS AGO — St. John's of Brooklyn won the national invitation basketball tournament beating Toledo, 48-27.
FIVE YEARS AGO — Michigan won its eighth straight NCAA swimming title defeating Yale, 61-56, at East Lansing.
TEN YEARS AGO — Baseball Commissioner K. M. Landis barred "fish net" type of first base-men's gloves used by Hank Greenberg, Jimmy Foxx and Hal Trosky.

Brazil furnishes about two-thirds of the world's coffee. The coffee plant, which originated in East Africa, traveled to Arabia, to Amsterdam, and to Java before it reached South America.

Fish "Brake" With Bodies
Fish that live among jagged coral formations must be able to stop quickly, and species found living there usually have broad, flat bodies that act as brakes when turned sideways.

Greenberg is not His Impressive Self

LAKELAND, Fla., March 29—(AP)—Hank Greenberg, the belting beauty of 1945 whose big bat put the Detroit Tigers into the world series and the Chicago Cubs out of it, is far from his old impressive self this spring but the least worried person involved probably is soft-spoken Manager Steve O'Neill.

Back at first base, a position he vacated to shift to the outfield in 1940, Greenberg is leaving sharp impressions with observers of Detroit's exhibition games, all right, but they're all bad.

In fact, many who have seen the slow-footed 35-year-old Greenberg stretch his ageing legs and arms around first base this spring are convinced that Hank's position will be the weakest in the Tiger lineup when Detroit opens defense of its American League flag April 16. All this despite the fact that the big fellow is working for an estimated \$60,000 pay check.

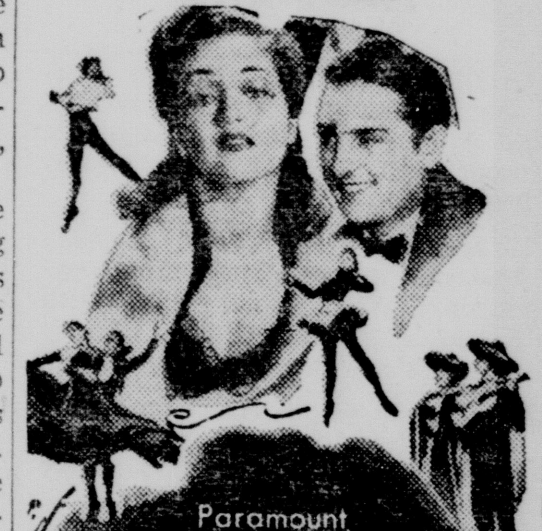

A sellout crowd of close to 19,000 persons who already have paid around \$170,000 at \$20 tops will sit in on this expected-to-be torrid affair between the Brooklyn clout-er and the baby-faced lad from Schenectady.

Rocky, a middleweight who

jumped into the fistful limelight last year with sensational stretchings of Billy Arnold, Harold Green, Bummy Davis and the then welter-weight champion Freddie "Red" Cochrane, is a 5 to 6 choice to add Servo to his string.

Don't Need Water

In the desert country many animals never drink water. Their need for moisture is supplied by chemical action in their digestive tracts, which turns most of their starchy foods into water.

Silk From Shells

Royal robes were once made from silk furnished by pen shells found along the Mediterranean. This mollusk spins the silk to moor its shell to the rocks.

The days are longer in Oklahoma than they are in Nebraska in the winter months.

SHERIFF'S SALE IN PARTITION

By virtue and authority of an order of sale of the clerk of the circuit court of Pettis County, Missouri, dated the 18th day of February 1946, and to me directed in favor of Rose D. Short as plaintiff, and against Robert L. Short, a person of unsound mind, Samuel L. Highleyman, Guardian of Robert L. Short, a person of unsound mind, Orbon Welch and M. L. Tevis, defendants, and it appearing to the court that the plaintiff is entitled to the relief prayed for in her petition, ordered that the property described in the plaintiff's petition be sold by the sheriff of Pettis County, Missouri, as provided by law in such cases. Now, therefore, in order to comply with the terms of said order of sale, I, the undersigned sheriff of Pettis County, Missouri, shall proceed to sell the said real estate, so ordered sold, and situated in Pettis County, Missouri, to-wit:

All the North sixty (60) acres of the East half of the Southwest Quarter of Section number Twenty-Two (22), in Township number Forty-eight (48) North, of Range number Twenty-one (21) West of the Fifth Principal Meridian; Also all that part of the Southeast Quarter of the Northwest Quarter of Section Thirty-six (36), lying North of the line of the right of way of the Missouri, Kansas and Texas Railway and East of the center of the public highway running through said quarter section described as follows: Beginning at the Northeast corner of the Southeast quarter of the Northwest quarter of said Section Thirty-six (36), thence West along the North line of said quarter section Eleven and fifty-five hundredths (11.55) chains to the center of the public highway thence South along and in the center of said public highway Ten and forty-five hundredths (10.45) chains to the point of intersection of said line and the Northern boundary line of the right of way of the Missouri, Kansas and Texas Railway, thence in a Northerly direction along the North line of said railroad right of way to the point where it intersects the East line of said quarter section, thence North along said East line Three and five-fifths hundredths (3.65) chains to the place of beginning. All being in Section Thirty-six (36), Township Forty-six (46) North of Range Twenty-one (21), West of the Fifth Principal Meridian, in Pettis County, Missouri, and containing eight and thirty-seven hundredths (8.37) acres, more or less, in Pettis County Missouri, and I will on Saturday the 13th day of April 1946, between the hours of 9 o'clock a. m. and 5 o'clock p. m. of said day, at the west front door of the court house, in the city of Sedalia, Pettis County, Missouri, and while the circuit court is in session, sell the above described real estate at public auction to the highest bidder for cash in hand in order to comply with the said order of sale.

Dated this 11th day of March 1946.

E. W. GOETZ,
Sheriff of Pettis County, Missouri.
Louis J. Rasse and Fred F. Wesner,
Attorneys.

**AN OPEN LETTER
FROM MAYOR WILKS**

TO ALL CITIZENS OF SEDALIA:

(1) If elected I will devote my entire time and attention to the duties of being mayor. I have no other business interests to take time from these duties.

(2) In making appointments, I will give first consideration to returned veterans.

(3) I shall do what I can to keep the Fire Department non-partisan because I believe an experienced non-partisan Fire Department is best for fire protection in Sedalia.

(4) Adequate street lighting is a function of the city, and I favor the installation of as many street lights as the budget will stand, other needs considered.

(5) I am keenly alive to the necessity for business progress in Sedalia. I vetoed the ordinance which imposed a percentage tax on sales by merchants because, as submitted, I deemed it a backward step which was detrimental to our merchants. On the other hand, I approved the ordinance passed requiring the payment of back personal taxes before a city auto license is issued because I believe, in fairness to citizens who pay taxes, those who use autos on our streets should be required to pay their just share of street maintenance. This ordinance has been effective.

(6) An application for increase of bus fares from 5c to 10c is pending. The information available to date indicates the bus company's operating expenses have recently increased about one-third. I find, however, that busses in Columbia, Moberly, Hannibal, Jefferson City and other cities operate profitably on 5c fares. I believe in being entirely fair to the bus company. Some increase may be justified. However, many citizens must depend upon riding the busses at least twice daily and several dollars per month added to their living expenses would be felt accordingly. I do not favor an increase in fares unless it is proved that the bus company is operating without a fair margin of profit.

(7) I will do what I can to keep the city budget balanced. As of March 4, 1946, there was a balance of \$92,000.00 in the city treasury. Sedalia has had unhappy experiences in the past in being required to issue judgment bonds to pay for lights, water, etc. I believe the people want a business administration and do not want the city operated on a deficit. I believe our citizens realize it is good city business to have this balance as reserve for post-war construction when materials become available.

I am deeply grateful for the cooperation given me as mayor during the last four years.

Yours very truly,
A. H. WILKS,

Court Decision Stays Execution

JEFFERSON CITY, March 29—
(AP)—The Missouri supreme court
has stayed the execution, original-
ly set for Thursday night, of Fred
Ellis and Jesse Sanford, Franklin
county Negroes, convicted of slay-
ing Mary Santo, 56, of Pacific, Mo.,
in 1943.

The stay of execution was granted
pending an appeal to the U. S.
supreme court by attorneys for the
two Negroes. It came after the
court upheld lower court decisions
that Ellis and Sanford must die in
the gas chamber and after a re-
fusal of the supreme court on
March 11 to grant a rehearing of
the case.

Attorneys for the two men con-
tended in their brief that Ellis
and Sanford had been subjected
to mental and physical torture
during which a written confession
had been extracted from them by
the state highway patrol. They also
argued the patrol had violated the
law by not immediately trans-
porting the two to the nearest jail
instead of questioning them for
several days at the Kirkwood, Mo.,
patrol headquarters.

Mrs. Santo was found with her
head beaten in, an eye ball danc-
ling, and the bones of her face
pushed through her skull. Her
body was partially burned. A pair
of knucks was on the floor beside
her.

Clerks of the supreme court said
the stay was until June 10, but the
U. S. supreme court could grant
further stays.

Plan 'ADA' Regulation Over Bomb

**Purpose For
Atomic Energy
In Science And
Also Industry**

By William R. Spear

WASHINGTON, March 29
—(AP)—A plan for an inter-
national "atomic develop-
ment authority" to be the
sole producer of the world's
fissionable materials and
lease them to the nations for
sciences and industry was
released Thursday night by
the State Department.

It contemplates that over a
period of years and as the ADA is
established, knowledge now the ex-
clusive possession of the United
States will be made international
property and plants like those at
Oak Ridge, Tenn., and Hanford,
Wash., will be owned and operated
by the international authority—
and by none other.

The plan, stating that U-235 and
plutonium "can be denatured" so
as not to lend themselves "readily"
to making atomic bombs, was pre-
sented to the senate atomic energy
committee Monday by Undersec-
retary of State Dean Acheson,
chairman of the official committee
which drafted it.

Place To Start

In releasing the full 78-page
document tonight, Secretary of
State Byrnes wrote in a foreword
that it "is not intended as a final
plan but "a place to begin, a
foundation on which to build," in
the committee's words.

The plan starts with the premise
that "uranium is the only natural
substance that can maintain a
chain reaction" and "is the key to
all foreseeable applications of
atomic energy." It adds that "it
is not to be anticipated" that the
technical reasons for this "will be
invalidated by further scientific
discovery."

Thus it finds "boundaries" to the
problem of "building security
against catastrophic use of atomic
energy" which would not exist if
the energy could be developed
"from clay or iron or some other
common material."

It also notes that thorium, which
"cannot maintain a chain reac-
tion" by itself, may be mixed with
uranium to establish a chain reac-
tion "to manufacture material
which is an atomic explosive and
which can also be used for the
maintenance of other chain reac-
tions."

Therefore it proposes to vest the
ownership of all the uranium ore
and thorium in the world in the
international authority and to
make it illegal for anyone other
than the ADA to possess it or mine
it.

Own All Plants

Similarly the ADA would own
and operate all the production
plants in the world, similar to the
one the United States has at Oak
Ridge, and it would be illegal for
any individual nation to build or
run one.

The atomic energy source materi-
als produced in these international
plants, however, would be made
available to secondary plants in
the various countries, which might
be state-owned or privately owned
as the governments see fit. These
plants could produce atomic en-
ergy for medicinal, research and
other scientific purposes, and for
power and other industrial uses.

Extension Club Meeting

Reconverted--To Six Rooms and Bath

The famous Quonset hut, which snugly housed Allied fighters from
the Arctic to the tropics during the war, has been reconverted to
civilian use and offers a prime solution to the housing shortage.
The unit pictured above was recently displayed at Mansfield, Ohio,
by the Stran-Steel Division of the Great Lakes Steel Corporation.
It is a modern, insulated home of six rooms and bath, with hot
water heater, refrigerator, radiant floor heater, electric range, wash-
ing machine and full plumbing. Cost, complete, is less than \$4,000.

Democrats In Ward Meetings

"Sedalia should make it's slogan
for the Tuesday election 'Retire
Wilks Again and Rehine Bagby'
and vote thusly", Frank W. Hayes,
said at a meeting in the Fourth
ward, Thursday night. Over in
the Third ward Henry C. Salveter
the speaker of that gathering
stressed qualifications for city of-
ficials.

Mr. Hayes, speaking at Horace
Mann school, stressed the im-
portance of the election this year,
and what the results will mean to
Sedalia.

Mr. Salveter at his meeting re-
viewed qualifications of the can-
didates. He told what the Demo-
cratic party had done for the
masses in city governments as
well as those in the national gov-
ernment. He stressed the Demo-
cratic candidates qualifications,
and in closing said, "Sedalia has
not seen in many years a finer
ticket presented to the voters for
their approval on Tuesday, that
which is up this spring."

Judge E. W. Couey also spoke
at Whittier school. In his talk he
emphasized "Sedalia needs com-
petency. It needs a man to head
our city who can get things done,
and do them for the benefit of all.
Sedalia is a city which should put
its best foot forward and become
a city which other cities may use
as a successful model.

Sam Harlan, chairman of the
speakers committee, also spoke, at
the Third ward meeting as did
John Taylor, candidate for coun-
cilman, Walter Jesse, former coun-
cilmanc from the ward, and W. A.
Smethers, present councilman in
the Second ward, and William F.
Brown, candidate for City Attor-
ney.

A. M. Cowherd committeeman,
presided over the Third ward
meeting.

The Fourth ward gathering was
presided over by Dan M. Carr,
committeeman, who introduced the
speakers. Cline Cain, candi-
date for councilman of the
Fourth ward, gave a brief talk.

The various candidates were in-
troduced at both meetings by D.
Kelly Scruton, city chairman.

up. E. P. Kruse was present and
helped the boys with their selec-
tion of a project and Miss Dor-
othy Helen White helped the girls
with their project.

The meeting was presided
over by the president Jimmy
Fender.

AN OPEN LETTER TO THE PUBLIC

Regarding Mayor Wilks' "open
letter to the public" which ap-
peared in the Friday Evening
Democrat and the Saturday morn-
ing Capital, and which read in
part:

"(3) I shall do what I can
to keep the Fire Department
Non-partisan because I be-
lieve an experienced non-
partisan Fire Department is
best for fire protection in Se-
dalia.

We, the members of the Se-
dalia Police Department, Local
No. 122, commend this statement,
but we ask Mayor Wilks, why he
did not include the Police Depart-
ment in this quotation.

Does this mean, Mayor Wilks,
that the Police Department is to
become a political football during
the next administration should you
be re-elected for another term?

Signed Sedalia Police Dept.
Local No. 122.

L. J. Harned In Campaign Speech

The importance of choosing good
men for the offices in city govern-
ment was the theme of a speech
given by L. J. Harned at a meet-
ing of the Republicans, in the in-
terest of the campaign preceding
the city election next Tuesday,
which was held at Washington
school at 8 o'clock Thursday night.

Recommending the candidates
chosen, Harned stressed the need
for picking good men for the city
government because it is the form
of government that we come into
contact with most and has the
most to do with governing our
daily lives.

As a fine example of this, Harned
referred to Kansas City where
both Republicans and Democrats
joined together in backing the
citizens ticket. He suggested that
the Democrats of Sedalia join the
Republicans in backing the
splendid Republican ticket."

Fred Anton was the chairman.
The meeting opened with a musi-
cal program followed by a talk by
A. L. Pringle, who presented L. J.
Harned, speaker of the evening.
Candidates were introduced.

Refreshments were served, ar-
ranged by the committeemen and
committeewomen of the precinct.

THE OLD JUDGE SAYS...

GEORGE: "Yes, I certainly would like to
hear why you call that an old fashioned
idea, Judge."

OLD JUDGE: "Glad to tell you, George.
Until recently, a person known as an al-
coholic was generally treated as a social
outcast. Little if anything was done to
understand him or help him. But, during the
past few years, medical research and study
has developed that alcoholics are really sick
people... that there is usually a deep-
rooted physical, social or emotional reason
behind their behavior. That's why today so

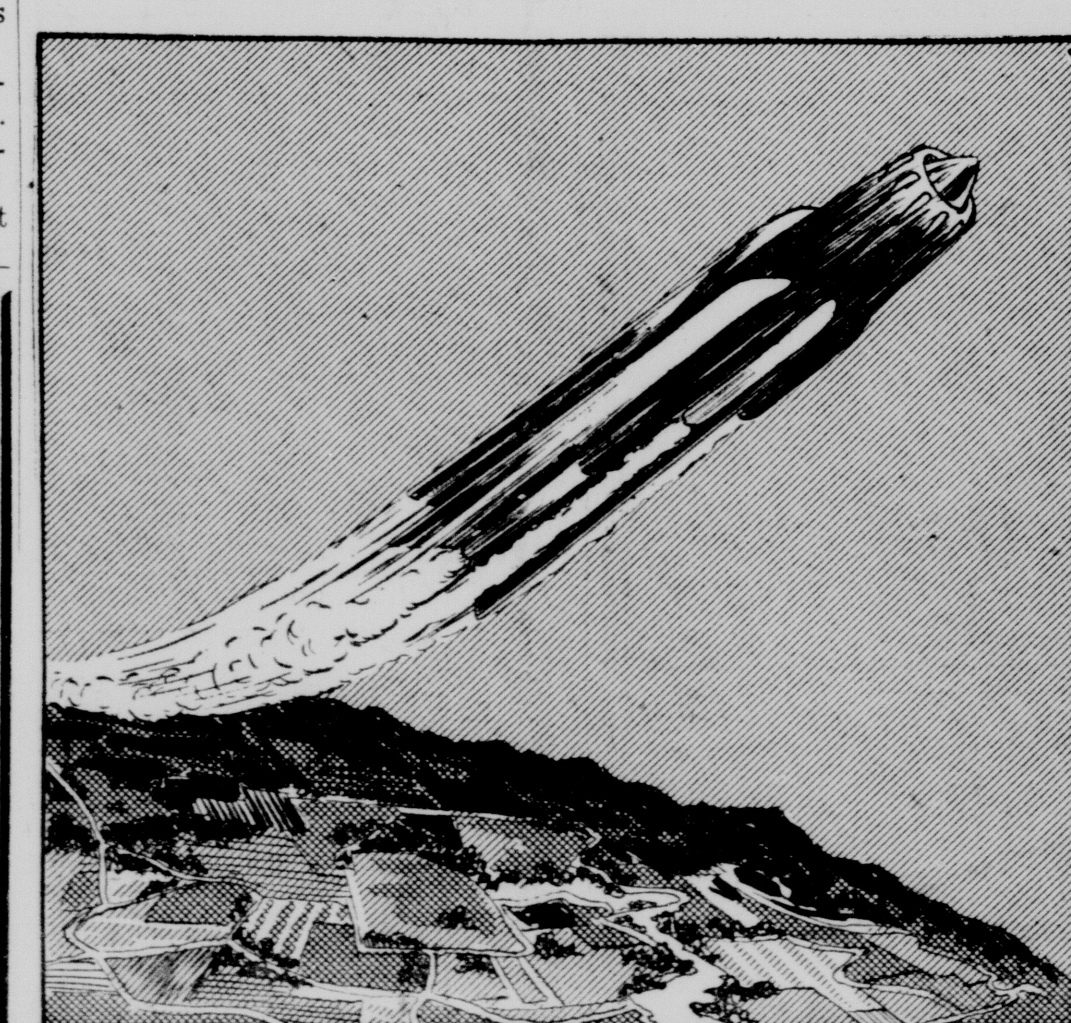

much is being done to help them by finding
out and correcting the condition that leads
them to excess."

GEORGE: "How many folks are there like
that, Judge?"

OLD JUDGE: "Well, according to scientific
research, 95% of the people who drink,
drink sensibly. 5% do so unwisely, at times.
Included in that 5% is the small percentage
of the sick people I'm talking about."

GEORGE: "That certainly gives me a
clearer picture. It's the most sensible ap-
proach I've ever heard of the subject."
